Providing Better Healthcare Through Systems Engineering: *Public Brainstorming Sessions*

Contraception: Tension Between Client
Needs and Provider Capabilities

02 Oct, 2023
4:30-6 PM

IOE 1680
1205 Beal Ave.

Amy Cohn, PhD

*Arthur F. Thurnau Professor, IOE
Faculty Director, CHEPS
Chief Transformation Officer, Michigan Medicine*

Julia Kramer, PhD, MPH

Assistant Professor, Mechanical Engineering

Professor Kramer's research investigates engineering and design approaches to promote social justice and equity, particularly through the development and investigation of products, services, and systems that improve access to health care in low-resource settings. She also studies and teaches human-centered design methods that support diverse participation in equity-oriented work. She aims to apply her design background towards greater health, development, and social equity.
